THE DESIGN EDIT  
2023

## Sé

### About Sé

When Sé began in 2007, director and founder Pavlo Schtakleff had a goal – to reclaim the glamour and quality of 20th century furniture and to become a dynamic and innovative presence in the world of contemporary luxury design. Sé's vision was to invite some of the world's best design talent to produce collections, akin to an art gallery or a couture house, the ultimate object being to build a catalogue of highly-crafted and beautifully-finished objects, made of the finest, noble materials, by the best craftspeople in Europe. With timeless forms, a curvaceous aesthetic and a spirit of play, Sé pieces are now feted for their characterful, sculptural profiles, and their ability to captivate the senses.

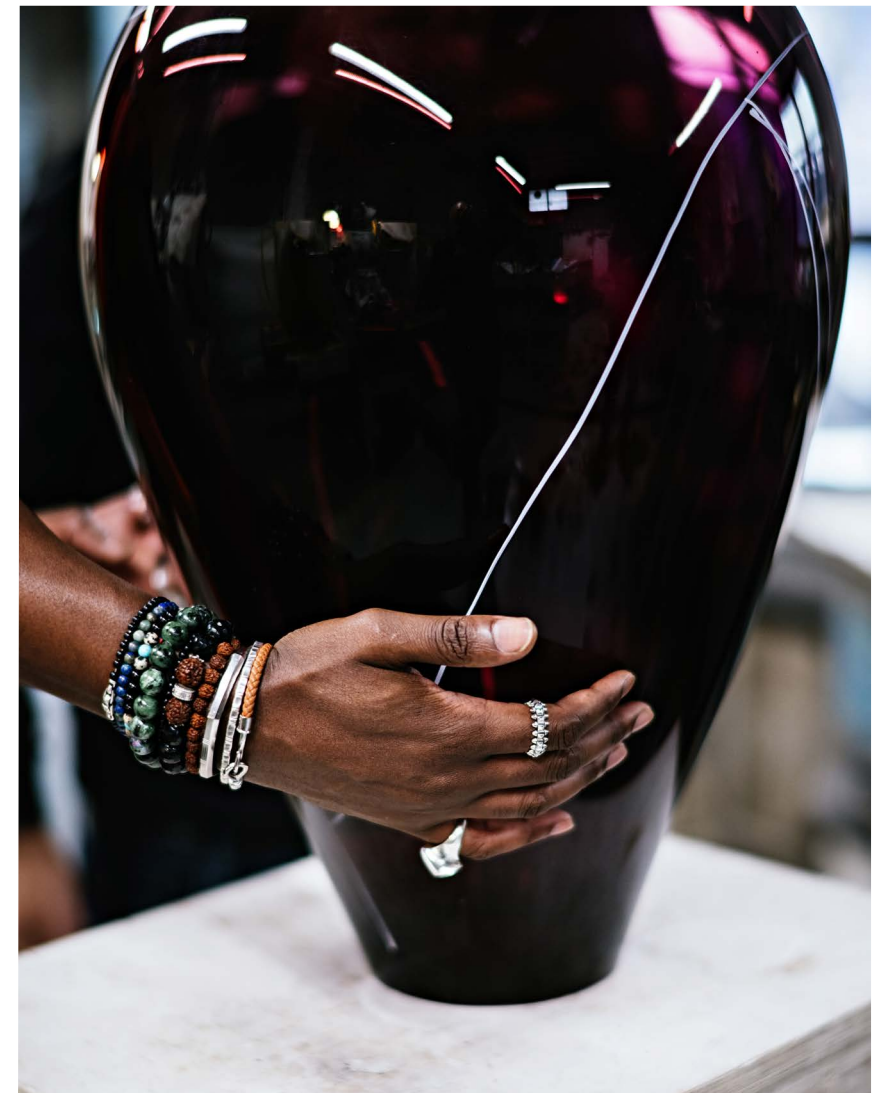

Since its beginnings, this European design brand has stayed true to its founding ethos and to date, Sé has created four highly-acclaimed editions from French designer Damien Langlois-Meurinne, Spanish-born Jaime Hayon, Slovenia-based Nika Zupanc and the fourth collection from Switzerland-based Nigerian-American designer Ini Archibong.

Under Sé's stewardship, each designer brings their own sensibility and character, while harnessing a personality, polish and sheer sense of finish that is undeniably Sé. All our pieces are the products of the most exacting collaborations. They are sensual, tactile and cerebral, inviting the gaze and the touch as well as engaging the mind.

Headquartered in London and fabricated across Europe to the highest technical standards, Sé aims to make furniture that not only delights, but that will also become tomorrow's heirlooms.

## Sé

### The Design Edit 2023

Sé has selected pieces from across its four collections which particularly speak to design approaches coming to the fore in 2023:

#### Supporting Longevity

An even more conscious effort to invest in pieces for future generations and support astounding craftsmanship to ensure its continuous existence.

#### Natural

Seeking out natural materials for their beauty, tactility and ability to connect one to the earth.

#### Joyous Colour

2023 is predicted to be a year of many hues; deep reds, rich browns, warmer neutrals, pastel greens presenting an opportunity to embrace colour in new ways. Sé is delighted to be able to work with our clients to find new and creative ways to interpret and customise our designs to suit any colour scheme.

# SÉ 2023 DESIGN EDIT: SUPPORTING LONGEVITY

Sé

The Design Edit 2023:  
Supporting Longevity

"As long as I still have the ability to work in Murano, I'm not going to pretend like it's not a possibility that there's only a finite amount of time left"  
Ini Archibong, Sé Collection IV

At Sé, each piece we make is crafted bespoke from noble materials such as marble, wood, ceramic and glass. This is small scale production often hand in hand with family run artisan workshops, avoiding mass techniques and the associated wastage. The pieces we make are made to last, to be handed down from one generation to the next.

Sé is proud to support craftsmanship at the highest level and believe finding new ways to maintain skills for the future, both through innovation and contemporary applications of traditional techniques is a crucial part of design sustainability.

# SÉ 2023 DESIGN EDIT: NATURAL

Sé

The Design Edit 2023:  
Natural

A fascination for noble, natural materials has been at the heart of Sé's practice since its beginnings, 15 years ago. Their beauty and tactility timelessly captivates, connecting us to the earth and to both past and future. Sé continuously explore its designs in new materials, from woods and marbles to bronze and ceramics, each new finish paying homage to the source and the form.

# SÉ 2023 DESIGN EDIT: JOYFUL COLOUR

Sé

The Design Edit 2023:  
Joyful Colour

Over the years Sé has developed a singular colour palette of timeless shades, from jewel brights to soothing pastels. 2023 is predicted to be a year of bold colour and presents an opportunity to embrace all, co-ordinating every element or selecting statement pieces in a signature colour. Sé creates each piece of furniture bespoke to our clients and is thrilled to be able to work with them to create new interpretations of our designs in new colours and finishes.
